

Self Service Password Reset Portal

Access the below URL:

<http://changepassword.osipl.site>

Below are the different ways how you can reset your password by yourself:-

1. By using current password
2. By using security question
3. By using official email
4. By sending SMS to registered number

The screenshot displays the 'outline SYSTEMS INDIA PVT. LTD.' logo at the top. Below the logo is a navigation bar with four options: 'Password' (selected), 'Question', 'Email', and 'SMS'. A green bar with a checkmark icon and the text 'Change your password' is visible. Below this is a yellow bar with an information icon and the text 'Enter your old password and choose a new one.' The main form area contains four input fields: 'Login' (with a user icon), 'Old password' (with a lock icon), 'New password' (with a lock icon), and 'Confirm' (with a lock icon). A green 'Send' button with a checkmark icon is located at the bottom left of the form.

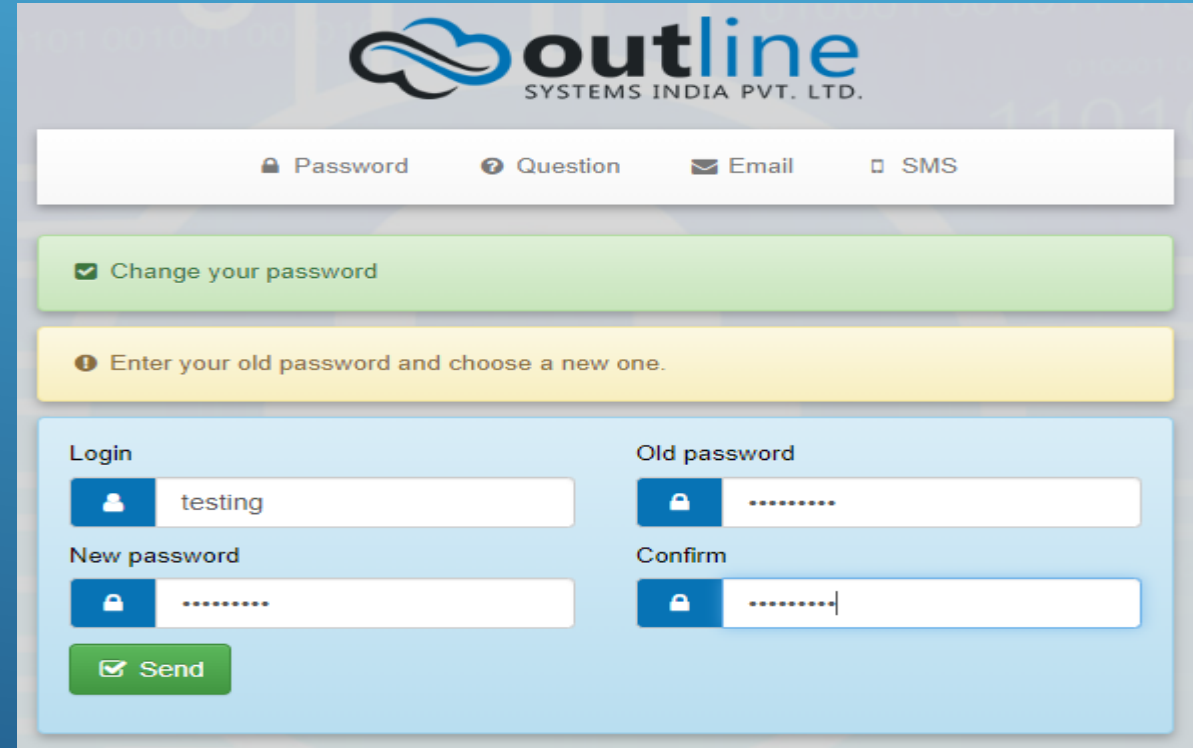

Note: Please enter your domain username in login field.

1. BY USING CURRENT PASSWORD

Access the below URL:

<http://changepassword.osipl.site>

- Enter your username and current password.
- Then choose your new password and confirm the new password.
- Click on send button after entering details.
- If you see the notification “Your password was changed successfully”. It indicates that your password changed successfully.
- If you get any other notification then set your password as per mentioned complexity.

2. BY USING SECURITY QUESTION

Access the below URL:

<http://changepassword.osipl.site>

- At first you need to register an answer.
- Click on the field as shown below

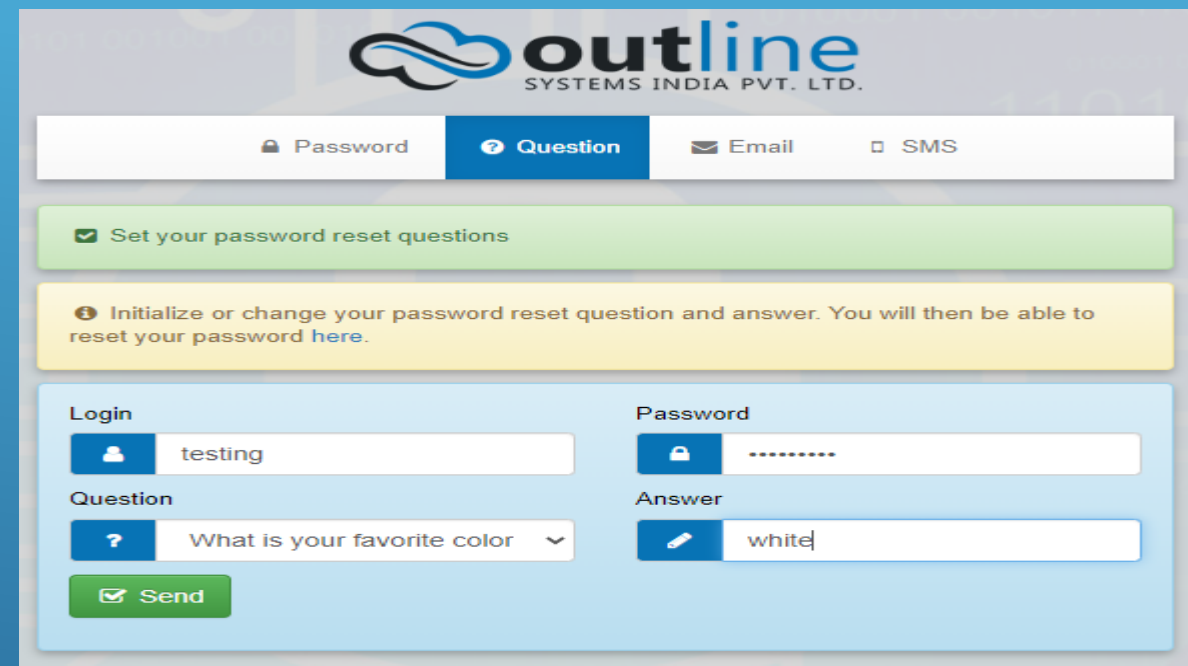

Choose a question and answer it to reset your password. This requires that you have already [registered an answer](#).

- After clicking on register an answer. Next image will appear as shown.

The screenshot shows the 'outline SYSTEMS INDIA PVT. LTD.' logo at the top. Below the logo is a navigation bar with 'Password', 'Question' (selected), 'Email', and 'SMS' options. A green banner reads 'Reset your password'. Below it, a yellow box contains the instruction: 'Choose a question and answer it to reset your password. This requires that you have already registered an answer.' The main form area is divided into two columns. The left column has fields for 'Login' (with a user icon), 'Answer' (with a pencil icon), and 'Confirm' (with a lock icon), followed by a green 'Send' button. The right column has a 'Question' dropdown menu (showing 'When is your birthday?'), a 'New password' field (with a lock icon), and a 'New password' label.

The screenshot shows the same 'outline SYSTEMS INDIA PVT. LTD.' logo and navigation bar. The green banner now reads 'Set your password reset questions'. The yellow instruction box is still present. The main form area is divided into two columns. The left column has fields for 'Login' (with a user icon), 'Question' (with a question mark icon and a dropdown menu), and a green 'Send' button. The right column has a 'Password' field (with a lock icon) and an 'Answer' field (with a pencil icon).

- Enter your username and password.
- Select your question and enter the answer as per your choice.
- After entering your details click on send button.
- If you see the notification “Your answer has been registered”. It indicates that your answer has been registered.

- After then click again on Question Tab.
- Reset your password by the question you have registered.
- After entering your registered details click on send.
- If you the see the notification “Your password was changed successfully”. It indicates that your password changed successfully.

The screenshot shows the 'outline SYSTEMS INDIA PVT. LTD.' logo at the top. Below the logo is a navigation bar with four tabs: 'Password' (with a lock icon), 'Question' (with a question mark icon and highlighted in blue), 'Email' (with an envelope icon), and 'SMS' (with a speech bubble icon). A green banner at the top of the form area says 'Reset your password'. Below this is a yellow box with an information icon and text: 'Choose a question and answer it to reset your password. This requires that you have already registered an answer.' The form itself is light blue and contains four input fields: 'Login' (with a person icon, containing 'testing'), 'Question' (with a question mark icon, containing 'What is your favorite color'), 'Answer' (with a pencil icon, containing 'white'), and 'Confirm' (with a lock icon, containing '.....'). A green 'Send' button with an envelope icon is at the bottom of the form.

This screenshot shows the same interface as the previous one, but with a green banner at the top of the form area that says 'Your password was changed'. The navigation bar and the form fields remain the same, but the 'Question' tab is no longer highlighted.

3. BY USING OFFICIAL EMAIL

Access the below URL:

<http://changepassword.osipl.site>

- Enter your login username and registered etalentnetwork.com email address.
- Click on send after entering your details.
- Confirmation email will be sent to the user.

The image displays three sequential screenshots of the 'outline SYSTEMS INDIA PVT. LTD.' password reset interface. Each screenshot features a top navigation bar with 'Password', 'Question', 'Email' (selected), and 'SMS' options. A green banner at the top of each screen reads 'Email a password reset link'. A yellow instruction box states: 'Enter your user name and your email address to reset your password. When you receive the email, click the link inside to complete the password reset.'

The first screenshot shows the 'Login' and 'Mail' input fields. The 'Login' field contains the text 'Login' and the 'Mail' field contains 'Mail'. A green 'Send' button is visible below the 'Login' field.

The second screenshot shows the 'Login' field filled with 'testing' and the 'Mail' field filled with 'itsupport@etalentnetwork.com'. The green 'Send' button remains below the 'Login' field.

The third screenshot shows a green confirmation banner at the bottom stating 'A confirmation email has been sent'.

- Check your email and click on reset password link.
- Image will appear as shown.
- Then choose your new password and confirm the new password.
- Click on send after entering your new password.
- Your password will be changed successfully.
